Juror Vernon.

Washington, 13.—There has been some speculation, to-day, as to whether the mental condition of Juror Vernon will afford ground for successfully contesting the validity of a verdict which the jury may render. Counsel for the government do not think it will. They hold that the rule governing in case of misconduct on the part of jurors is that unless their misconduct is of such a character as to be prejudicial to the defendant or the complaining party, it cannot be held to be sufficient cause for setting aside the verdict, and that the drinking of intoxicating liquors by a juror, when it is not improperly obtained, and is not taken to excess, is also insufficient to violate a verdict. Merrick, leading counsel for the government, said to-night that the illness of Juror Vernon will not affect whatever any verdict the jury may render. Ingersoll, counsel for the defense, said that Vernon's illness would not affect the legality of the verdict, should there be one; he said he thought the juror's illness was of an epileptic character and was not caused by excessive indulgence in strong drink.

A New Phase.

Cincinnati, O., 13.—The publication was made this morning of the arrest on Monday afternoon at Columbus, Ohio, of William Dierly, a negro, charged with the murder of the Gibbons children at Ashland, Kentucky, on December 24, 1881. Fannie and Robbie Gibbons and Emma Carico were found dead in the burning house. The girls had been outraged. Three men were arrested, Geo. Ellis, Wm. Neal and Ellis Craft. Ellis made a confession upon which he was convicted and sentenced to hang, but was hung by a mob. Neal and Craft were also sentenced to hang, and now await the decision of the governor as to the day of execution. The arrest of Dierly was made upon circumstantial evidence, which it is claimed clearly implicates him and two other colored men Dabney Jones and Reuben Kendall, warrants for whose arrest are now out.
